

Securitised Products Group - Intern - London

Start date: ASAP

Duration: 3 months

J.P. Morgan Chase & Co. (NYSE: JPM) is a leading global financial services firm with assets of \$2.2 trillion and operations in more than 60 countries. The firm is a leader in investment banking, financial services for consumers, small business and commercial banking, financial transaction processing, asset management and private equity. A component of the Dow Jones Industrial Average, J.P. Morgan Chase & Co. serves millions of consumers in the United States and many of the world's most prominent corporate, institutional and government clients under its J.P. Morgan and Chase brands. Information about J.P. Morgan Chase & Co. is available at www.jpmorganchase.com.

Description of the team:

- The European conduit securitisation team markets, structures and manages asset-backed conduit facilities for J.P. Morgan's corporate and financial clients
- Marketing involves developing tailored proposals for clients across EMEA and pitching in conjunction with J.P. Morgan's IB Client Coverage and Corporate Banking divisions
- Structuring involves detailed quantitative analysis; negotiation of facility terms and documentation; and liaison with other co-purchase lenders and the rating agencies
- Transaction management involves developing and monitoring periodic collateral performance; coordinating facility funding / billing between clients and J.P. Morgan's treasury / operations teams; and supporting the annual credit review process of each transaction

Your main tasks / responsibilities will be the following:

- Supporting team members in the origination, structuring and management of securitisation transactions. Tasks will include, but are not limited to:
 - Preparing and updating marketing presentations to be delivered to clients
 - Analysing / modelling collateral data for new opportunities
 - Performing collateral surveillance for existing deals
 - Reviewing deal documentation as and when required
 - Preparing internal presentations to be delivered to business and credit
 - Approving funding requests
 - Assisting in the scheduling and review of collateral audits
 - Ensuring deal information is kept up to date in J.P. Morgan's various reporting systems

Ideally, the candidate will:

- Be fluent in English and preferably have competence in another European language (German or a Scandinavian language preferred)
- Have strong quantitative / numerical skills
- Have strong project-management, communication & teamwork skills
- Have a genuine interest in and understanding of financial markets & products
- Be knowledgeable in customary software applications (MS Office, etc)
- Be ready for early responsibility

The role is for an intern with the possibility of a permanent analyst position. We can only review applications from candidates who have finished their studies and are available on a permanent basis.

Applications close 30 June 2012. Please [click here](#) to apply.
