

How will you make an impact?

Investment Management Summer Analyst Opportunities in Frankfurt in Private Wealth Management – Apply Now!

**Summer Analyst Programme 2014
(ca. June – September 2014)**

The Summer Analyst programme will help you gain industry experience within the Private Wealth Management at Goldman Sachs. You should expect to have real responsibilities and work on exciting and innovative projects at our Frankfurt office.

Private Wealth Management

Goldman Sachs PWM serves the investment needs of high net worth individuals, their families, family offices and select institutional clients such as foundations and endowments, by advising, managing and providing access to the intellectual capital of the firm and beyond. PWM helps clients build, preserve and transfer their financial wealth by advising and implementing long-term investment strategies based on each client's objectives and particular risk tolerance levels. PWM professionals develop customized investment strategies by leveraging a full array of wealth management products and services, including private banking and trust company services. Operating out of a number of regional offices, PWM teams collaborate to devise service-intensive solutions that consider the client's unique financial needs including their asset and liability management, philanthropic goals and financial planning for future generations.

Desired Skills

- Strong leadership, communication and interpersonal skills
- Strong interest in the financial markets and good investment sense/commercial instinct
- Ability to work in a fast-paced environment and think clearly under pressure
- Strong analytical and organizational skills, entrepreneurial, creative thinker, detail-oriented
- Team player

Application Deadline: Sunday 23 March 2014
